GOVERNMENT OF MYSORE
ELECTRICAL DEPARTMENT

OFFICE OF THE CHIEF ELECTRICAL ENGINEER,
Bangalore,....6...January..1947.
(MYSORE, S. INDIA.)

The Secretary to Government,
Electrical Department,
BANGALORE.

Sir,

Sanitation Establishment - Thippagondahahalli.

I have the honour to state that the establishment sanctioned for Electrical Department for the operation and maintenance of the power station attached to Chamarajasagar Water Works at Thippagondanahally does not provide for any sweepers or scavengers. But the work of conservancy and sanitary up-keep of the Electric Colony is being attended to by the staff attached to P.W.D. This staff is reported to be inadequate to ensure satisfactory sanitary condition of the colony. I therefore recommend that one full-time scavenger on Rs.12/- p.m. plus the usual Dearness Allowance be provided now for the colony to safeguard the good health of the inhabitants of the colony.

In this connection I would like to mention that the colony is reported to be inhabited by 207 families with a total population of 935. Of this strength, 17 families (with a population of 68) are of the employees of the Electrical Department. There are at present 6 sweepers and 2 scavengers attached to P.W.D. and this staff is found inadequate for the sanitary upkeep of the colony. A copy of the D.O.No.1468 dated 18-10-1946 received from the Executive Engineer, Water Supply Division, urging for the need to employ a scavenger from this Department is herewith attached for kind information of Government.

Under the circumstances I would request you kindly to obtain sanction of Government for the appointment of a full-time scavenger on Rs.12/- per mensem, the recurring extra cost of Rs.144/- per annum on this account being provided for in the revised budget for 1946-47 and budget estimates of future years under the heading "XXV.A-Hydro-Electric Works Working Expenses - 1.Power (iv) Distribution - Maintenance Establishment B.P.& L.Section".

I have the honour to be,
Sir,
Your most obedient servant,

Chief Electrical Engineer.

2

Copy of letter No.1468, Dated 18th October 1946 from the Executive Engineer, Water Supply Division, Bangalore to the Chief Electrical Engineer in Mysore, Bangalore.

I had been on 17th October 1946 to Chamarajasagar with Mr. George Chandy, Superintendent, Bangalore Power and Lighting. The necessity for a scavenger at that colony was explained to him by Mr. Bhaskara Rao, as well as by Mr. Gopalakrishnamachar, Superintendent, Chamarajasagar Water Works, Thippagondanahally. The colony has now been enlarged to such an extent that the existing scavenging staff is inadequate. There are 16 quarters of the Electric Department now and additions in strength are made for the School Masters, Medical Staff, etc., which are serving the common needs of the staff of both your Department and that of the water supply.

My Sanitary Inspector and maistries and supervising staff will get the necessary works of cleaning and disposal attended to. But your kind sanction to employ one scavenger extra from your Departmental Budget is requested. This will cost about Rs.12/- + Rs.12 D.A. at present per month.

I gather that Mr. Bhaskar Rao, has already submitted proposals in this behalf to the Superintendent, Bangalore. Mr. George Chandy has seen the need for this extra hand also.

With regards,

Sd/-C.N. Shama Rao,

"COPY."

CHIEF ELECTRICAL ENGINEER.
